School TSSA Goal and Plan

School: Southland Elementary

John Dewey is credited with saying, "We don't learn from experience. We learn from reflecting on experience."

Reflect on 2019-2020 TSSA Plan – Consider the following questions or create your own:

- How has our TSSA plan supported our schools’ vision, mission, and beliefs?
- How has our plan supported the District's vision, mission, and beliefs?
- How has our plan improved school performance and student academic achievement?
- What action steps have had the greatest impact on school performance and student achievement?
- What have we learned?
- What are our next steps?

In 2019-2020 we were able to utilize our funds by purchasing 1 to 1 Chromebooks for every student in the school. We are very pleased that we did this because it allowed us to begin a blended learning model at the beginning of the year and helped to facilitate online learning by sending home over 600 Chromebooks due to COVID-19. We increased technology use of K-1 students and expanded our technology use school-wide. Four staff members were able to attend instructional coaching training and we gradually began implementing coaching in our school. We also developed a plan for how to implement the JSD coaching model this next year. We hired two aides to teach Second Step Social/Emotional Learning curriculum this year each week in every classroom.

2020-2021 TSSA Plan

Gather and review evidence of school improvement and academic achievement to identify needs and create 2020-2021 TSSA plan and goals. Evidence could include: school vision and mission, existing school plans (Land trust, Accreditation, 60-day action plans, etc.), JELL Self-Assessment, PLC meeting notes, school data (Tableau dashboards, stakeholder surveys, benchmarks, Acadience, Data Gateway, etc.)

Instructional Coach (Name and Email) T&L $5 OTHER
How will you use coaching to address your school goals?

Description

Coaches will assist in strengthening the use of JSD Instructional Cycle as per Southland’s 60 day plan goal.

Action Steps

1. At the beginning of the year, professional development will be offered to review the JSD Instructional Cycle.
2. Beginning, middle and end of year teacher surveys will be conducted to measure progress toward goal.
3. Coaches will work with teams and individual teachers during PLC meetings to assist setting instructional goals, monitoring progress and providing feedback.
4. Coaches will attend regular, ongoing professional development through JSD.
5. Coaches will facilitate peer teacher observations to enhance instructional strategies school-wide. Coaches and teachers will discuss instructional strategies learned during peer observations.

How will you use professional development to address your school goals?

Description

45 minutes per week have been embedded in the school day for teams to participate in professional development activities. Professional Development will be chosen based on teacher needs surveys conducted at the beginning of the school year.

Action Steps

1. Create a schedule of professional development based on teacher needs surveys.
2. Create a survey given to teachers for professional development needs.
3. Invite JSD teacher specialists to present PD based on survey results.
4. Utilize online PD offered through JSD departments.
5. Teachers will reflect and discuss at PLC’s the strategies taught and implemented through professional development.
