- 🐾 We believe all students can learn at high levels.
- 🐾 Every teacher, student, and parent is clear on the knowledge, skills, and expectations students will acquire in each grade level and unit of instruction.
- 🐾 The learning of each student is monitored on a timely basis. When students experience difficulty, the school has structures in place to provide students with additional time and support for learning.
- 🐾 We support learning through working collaboratively. Students at this school are EVERY teacher’s responsibility.
- 🐾 We are committed to establishing clear and effective communication.

A NOTE FROM MR. YORK:

To all who come to this happy place...WELCOME!

We are elated to welcome each of our students and their families to Southland Elementary. The entire Southland staff is ready to take on the challenges, excitement, and new experiences that the 2022-2023 school year brings with it! We are grateful to see so many of the familiar faces that students already know and love return for another school year. We are also excited to share the next portion of our journey with new teachers and staff members!

Southland focuses on promoting positive behavior among each student, regardless of what point they are starting at. Students can earn numerous rewards and recognitions for their positive behaviors and attitudes: from tokens that can be redeemed for prizes, to our Sabertooth Spotlight Award!

As a Golden Gate Kids school, we focus on a different part of the Golden Gate Pledge each month. And, each month, our Student of the Month award will be given to a student from each classroom who truly exemplifies that month’s character trait. We can’t wait to see which students are selected for this particular award!

Each student will have the opportunity to learn not only their grade level curriculum, but to focus on their personal learning needs. From our Walk-to-Read program, meeting the needs of both students who need just a bit more support as well as those students who are ready to be pushed a little bit harder, to adaptive software that cater a student’s experience to their needs: a Southland student is always working on improving themselves!

Welcome to Southland! We’re looking forward to a fantastic year!

SMART DEVICES AND OTHER ELECTRONICS:

Cellular phones, smart watches, personal tablets, and other personal electronic devices are not to be used during school hours. This includes such unstructured times as lunch, or grade level recess. Any device that resembles a device governed by this policy will have the same restrictions and expectations associated with it.

While we understand the desire for both parents and students to remain in contact with one another, any device that a student brings with them to school should be silenced and left inside of their backpack once the school day has begun. That device should remain there until the conclusion of the regular school day, including unstructured times such as recess.

Crucial messages and other information that a parent or guardian believes that a student needs to know can still be relayed to the student through the school’s front office staff in a timely manner. Likewise, students will have access to telephones during times when they need to contact their parents or guardians.

The possession of a cell phone, or any other electronic devices, by student is a privilege that may be forfeited by any student that chooses to use that device inappropriately. Devices that are used inappropriately at school may be confiscated and held by a teacher until the conclusion of the school day, or placed in the care of the school’s administration until a parent or guardian can retrieve that device.

At no time shall the school be held responsible for the prevention of theft, loss of, or damage to electronic devices that have been brought onto school property by a student. Any student who chooses to bring such a device with them to school must accept the inherent risk of doing so.

Students found to be in violation of these guidelines will have disciplinary action taken against them in accordance with Jordan School District Policy AS67-Discipline of Students.
