

Parental Notification/Opt-out Form – School Climate Survey: Elementary (English)

The School Climate Survey: Elementary is a confidential survey used to identify school climate issues within our school. The survey for elementary school students includes 20 questions and should take no more than six minutes to complete.

The survey is confidential, but parents/guardians should be given the option to opt out if desired. The data collected from the survey will be used to identify student perceptions of school climate issues within our school.

School staff use the results to inform our efforts at improving our school climate. Responses are housed securely in an anonymous format with the USBE (Utah State Board of Education). All evaluation research projects are in compliance with the Family Education Rights and Privacy Act, (343 CFR 99.31 (6)) and human subjects regulations (Protection of Human Subjects 45 CFR 46).

Our desire is to involve parents in their children’s education. If you do not wish for your child to participate in this important activity, please sign and return this form to the school by April 9th.

If you would like to examine the survey, please come by the school between now and April 9th, and we will be happy to provide you with a copy for your review.

Do not return this form if your child CAN participate in this survey.

If you do not wish your child to participate in this survey, please sign this form and return it to school by April 9th.

I would prefer that my child NOT participate in the School Climate Survey: Elementary.

School Name _____

Student Name Student _____

Grade _____

Parent Signature _____

Date _____

Thank you for your participation.
